We are inviting your views on the Draft Sandwell Local Plan and this form should be used to make comments in response to this consultation.

The consultation period begins on **Monday 6th November 2023** and ends at **5pm** on **Monday 18th December 2023**

Comments can also be submitted online using our website at <https://sandwell.oc2.uk/>. We would encourage you to respond to our Sandwell Local Plan – Regulation 18 Draft Plan consultation using our online form as it saves time and reduces cost.

However, if you prefer, you can use this version of the response form and email it to Sandwell_LocalPlan@sandwell.gov.uk or post it to Sandwell Local Plan, Planning Policy, Sandwell Council House, Freeth Street, Oldbury, B69 3DE

PLEASE NOTE:

This form has two parts:

- Section 1: Personal details
- Section 2: Your representation/comments on the Draft Plan or Sustainability Appraisal
- Section 3: A declaration which you will need to read and sign

1. Please complete a separate response for each part of the Draft Plan / Sustainability Appraisal that you wish to comment on. If you wish to make comments on more than two parts, please copy and paste the text in Section 2 or complete more than one paper form.
2. Responses must include your name and address.
3. **Your comments cannot be treated as confidential.** By completing this form, you agree to your details being shared and your name and comment (but not your address or other personal details) being made available for public viewing.
4. It is recommended that groups that share a common view send a single response rather than multiple copies of the same response. Please attach a list of the contact details of each person who supports the comments, including their names and addresses.
5. Further paper copies can be provided by emailing Sandwell_LocalPlan@sandwell.gov.uk
6. Completed forms should be received by us no later than **5pm on 18th December 2023**

One comment said that the authority will benefit from the introduction of HS2. As you're aware, HS2 now ends at Birmingham and therefore Sandwell is unlikely to see any benefit from HS2.

SDS1 Pg 51

"3.6 The borough's main strategic centre, West Bromwich, is already served by an extensive transport system and therefore provides a suitable location for economic and housing growth, although improvements are required to enhance connectivity, accessibility and environmental quality.

3.7 Strong links will be created between the strategic town centre, the areas identified for regeneration and existing town and local centres and communities, through high-quality design, green infrastructure and transport investment, to help spread regeneration benefits, improve community cohesion and create an effective network."

Pg 225

The whole of this plan seems to be based on a similar theory to trickle down economics whereby investment will be primarily targeted for West Bromwich and then that will attract further funding and investment to other areas.

West Bromwich is mentioned 197 times in the plan, far more frequently than any other town. West Bromwich is the strategic centre, tier 1. All of the other towns and areas fall into tier 2 or 3.

Lots of investment went in New Square, decimating the remainder of the town centre. The Kings and Queens Square are mostly empty units and it's a walkway through to the New Square. There wasn't any benefit to the rest of Sandwell. How will this local plan do things differently?

Pg 40

2.4 In March 2020 Sandwell Council declared a Climate Emergency. Council Members agreed that greenhouse gas emissions needed to be reduced to a level compatible with keeping global warming below 1.5C above pre-industrial levels. To achieve that, the Council committed to becoming carbon neutral in its own activities by 2030 and to seeing Sandwell become a carbon neutral borough by 2041.

The plan generally talks about growth but doesn't seem to be taking strong enough, immediate action to keep emission levels down.

Balanced green growth pg 45

"promote the use of zero- and low-carbon designs, building techniques, materials and technologies in all new development" When will these be introduced? It can't mention an aim without giving an intended introduction date, hardly a smart target.

Green and blue infrastructure pg 74/75

Townscapes – Why not introduce covered seating structures with greenery incorporated in the design, planting on roof. See Stone Street Square Dudley.
