Good evening,

It appears to be an exciting time for the area, however from the document I have gone through not much is given on road safety. An increase in homes will result in more traffic which will no doubt be an increase in poor driving currently being experienced.

What is the plan to combat this?

The section on parking, it is good you have thought about this but more must be made of this. You go around the Sandwell area and see the standard of parking and it leaves alot to be desired.

I would also like more information on the procurement of the chosen partners which will be taking this forward.

Thanks

Matthew Nairn
