Draft Policy SH06 (Financial Viability Assessments for Housing) sets out at its part 4) that on sites where applying the affordable housing or accessibility and wheelchair user requirements set out in Policies SH04 and SH05 can be demonstrated to make the development unviable, the maximum proportion of such housing will be sought that will not undermine the viability of the development, subject to achieving optimum tenure mix and securing other planning obligations necessary for the development to gain planning permission.

Whilst the recognition that any such provision needs to be viable is welcome, financial viability is key for all policy requirements if much needed residential development is going to come forward. With this in mind, draft Policy SH06 must refer to other policy requirements, such as SMD1 (Design Quality) for example, and make it clear that if any policy requirements make the development unviable, the optimum provision will be sought that will not undermine the viability of the development, subject to achieving optimum tenure mix, development density and securing other planning obligations necessary for the development to gain planning permission.
