

Sandwell Local Plan – Regulation Publication Consultation Form

Regulation 19 Publication Consultation

We are inviting your views on the Regulation 19 Sandwell Local Plan and this form should be used to make comments in response to this consultation.

The consultation period begins on **Monday 23rd September 2024** and ends at **5pm** on **Monday 4th November 2024**

Comments can also be submitted online using our website at <https://sandwell.oc2.uk/>. We would encourage you to respond to our Sandwell Local Plan – Regulation 19 Publication consultation using our online form as it saves time and reduces cost.

However, if you prefer, you can use this version of the response form and email it to Sandwell_LocalPlan@sandwell.gov.uk or post it to Sandwell Local Plan, Planning Policy, Sandwell Council House, Freeth Street, Oldbury, B69 3DE.

PLEASE NOTE:

This form has two parts:

- Section 1: Personal details
- Section 2: Your representation/comments on the Draft Plan or Sustainability Appraisal
- Section 3: A declaration which you will need to read and sign

1. Please complete a separate response for each part of the Reg 19 Plan / Sustainability Appraisal that you wish to comment on. If you wish to make comments on more than two parts, please copy and paste the text in Section 2 or complete more than one paper form.
2. Responses must include your name and address.
3. **Your comments cannot be treated as confidential.** By completing this form, you agree to your details being shared and your name and comment (but not your address or other personal details) being made available for public viewing.
4. It is recommended that groups that share a common view send a single response rather than multiple copies of the same response. Please attach a list of the contact details of each person who supports the comments, including their names and addresses.
5. Further paper copies can be provided by emailing Sandwell_LocalPlan@sandwell.gov.uk
6. Completed forms should be received by us no later than **5pm on 4 November 2024**

N.B As part of this submission and including objections of soundness for SH35 and SH36, please find enclosed a petition of those named supporting these comments which should be used as a barometer of public opposition to residential development in this location. Please also refer to attached FOS evidence PDF which cites relevant material in numbered parentheses.

REMOVE ALLOCATION FOR RESIDENTIAL USE. Lagoon site not compatible with development. Constraints too great for sustainable development. Failure over decades for this site to be suitable for this purpose and the rattlechain lagoon is still a permitted hazardous waste site containing tens of tonnes of highly toxic white phosphorus. (1), (2), (3), (4), (5), (6), (7), (8), (9) (10). When dewatered this produces toxic gases. 16), (17). Not safe or possible to include this land within the allocation- no risk assessment or previous developments on such sites for this scenario.

Permit has not been surrendered and can only be by Rhodia/Solvay when the Environment Agency agrees to this after a completion certificate.

It is not for the owners of the adjacent site nor their neighbours, nor SMBC to believe they are entitled to judge this legal matter , when/if this may even happen and in the time of the Sandwell plan. Similarly SMBC should be mindful of Part 2 a of the EPA and liabilities regards land that has no risk assessment for the scenarios likely from dewatering the lagoon and toxic gases. The EA will not agree to the inclusion of the lagoon in conjunction with a different development on the adjacent site given the time bomb that activity on one site may impact on another. If they do, they are not a fit body to exist.

Similar site in US produced toxic phosphine gas associated with degradation of white phosphorus which was over 2km away from nearest occupancy, and not as here just metres from existing or proposed homes. (16), (17). Council ,HSE and Environment Agency cannot sign this off knowing what scenario would unfold- Risk of significant harm existing and future occupiers being compromised.

NPPF Dec 2023 “ Ground conditions and pollution P189, 190,191 also relevant to the unsound inclusion of this site.
